Announcement of The Spirit of the Horse Memorial Garden \$500.00
Scholarship

Last September the Langley Horse Federation presented a fabulous evening in Campbell Valley Park close to the Spirit Garden when 240 people joined us in a large marquee. The meal was truly outstanding. Music by The Old Tyme Fiddlers plus entertainment with Elvis and Patsy Cline impersonators to whom we danced into the small hours. There were over 100 items in the generous Silent Auction BUT the main part of the evening was awarding a \$500.00 Scholarship to Rose Rogawski for her fine achievements in her local horse from which she rode most successfully in the National Eventing world in 2005.

This year we invite you to join us for another outstanding evening, horse and non-horse people, to mingle happily together again. Weekends are booked solidly throughout the summer so we have taken the liberty of presenting another great "production" midweek and do sincerely welcome you to join us.

The **Silent Auction** is most important to find the Funds to maintain this lovely Garden with over 300 horses remembered, along with some dear horse members within our community, owners often visiting to relive the memories shared from the past. Contributions for the Auction will be so warmly appreciated and we seek your help to continue this Memorial Garden, the only one in the world with bronze plaques holding personal messages.

High Point who begin their exciting equestrian developments in May are kindly supporting us again.

Tickets \$50.00 each - Students \$20.00 available before July 17th from:
